RWI Phonics

Friday 9th September 2026

We started our **Read Write Inc. phonics** programme this week and, wow, the children have been amazing! They have quickly absorbed all the new routines and have approached their learning with great enthusiasm.

This week in phonics, we have been learning the sounds **m**, **a** and **s**.

Please use the QR codes provided to access the **Read Write Inc. Portal** and watch the videos with your child at home. Revisiting the sounds together will help to reinforce their learning and build their confidence.

After watching the videos, please record this in your child's reading diary so that we can celebrate and monitor their home learning.

Read Write Inc.
Phonics

The children have also been really enjoying **Fred Games** this week as part of our Read Write Inc. phonics sessions and throughout the day.

Please use the QR code to access some fun **Fred Games** to play at home. These games help children develop their listening skills and hear sounds blended together, supporting their early reading development.

Please record any games played in your child's reading diary.

Thank you for your continued support.

Kind regards,

Miss Haworth
