

Dear Parents and Carers,

As part of our Read Write Inc (RWI) phonics programme, we regularly assess the children to ensure we know exactly which sounds they have securely retained and which sounds they still need further practice with.

Below, you will find the sounds your child is currently finding tricky. These are provided so that, if you wish, you can continue to support your child's learning at home.

Your child's sound gaps:

How to Support at Home

We kindly ask that you use the official **RWI Portal videos** when practising. These show how to pronounce each sound correctly. This is important for building strong blending and reading skills.

For example:

- *m* is a *stretchy* sound **mmmmm** mountain
- *a* is a *bouncy* sound **a a a** apple

Short daily practice can make a big difference and helps ensure consistency between home and school.

Thank you, as always, for your continued support.

Kind regards,

Miss Haworth
